

News Update

Caledonian Building Systems Ltd

Welcome to the first quarterly bulletin from Caledonian Building Systems, keeping you up to date with the latest news from the leading off-site manufacturing group and from the off-site construction sector.

The 2010 Sustainability Awards

We are proud to announce that Caledonian was chosen as a finalist in the 2010 Sustainability Awards, which were run and hosted by Building magazine and the UK Green Building Council. Caledonian was one of six organisations shortlisted for the Manufacturer / Supplier of the Year category, recognising our commitment to sustainability and the success of the Caledonian off-site approach in reducing the environmental impact of construction. 15,000th SLAM bedroom

The 15,000th Project SLAM bedroom has been completed at Woolwich Barracks, South East London. Caledonian has been working with Debut Services Ltd to modernise single living accommodation for the armed forces since the project started in 2003, and delivered the modules for the 15,000th room. 72 bedrooms in 12 weeks

72 new junior rank bedrooms have been completed in just 12 weeks for Defence Estates at Marne Barracks in North Yorkshire. Caledonian was awarded the contract in May 2010 by Carillion Enterprises to construct the modular accommodation including M&E, cladding, roofing and solar panels. The bedrooms were handed over in September 2010, just 12 weeks after delivery on site. Click [here](#) for more.

Building magazine: Best Foot Forward

Caledonian has been featured as a carbon reduction exemplar in Building magazine. 'Best Foot Forward' in the magazine's October 15 issue looked at the role of small and medium-sized businesses in the construction industry's efforts to reduce carbon emissions and energy consumption.
